

## Low Energy Lighting

Ashley's Low Energy Pendant provides a convenient and cost effective solution to the requirements of Part L (1) of the Building Regulations which came into force on the 1<sup>st</sup> April 2002. Ensuring increased use of energy efficient lighting in a percentage of fittings in new domestic properties and extensions, compliance is readily achieved with the new Ashley pendant set. This comprises a standard Ashley ceiling rose and flex fitted to a lampholder containing integral high frequency control gear.

<i>description</i>	<i>Pack qty.</i>	<i>cat. ref.</i>
Energy saving 10/13W pendant set	5	<b>LE212/6</b>

Overall length comparable to 6 inch pendant when lamp is fitted

- Complies with BS EN 60598, BS EN 60929, BS EN 60928
- Supply voltage: 230-240V
- Mains frequency: 0/50-60Hz
- To be used with 10/13W 4 pin plug-in lamps only.
- Dimming is not possible.

**new**

Ashley pendants are only suitable for use with 4 pin compact fluorescent lamps rated at 10/13W. Benefits of this solution include extended lamp life of typically 8-10 times that of traditional lamps as well as significantly lower running costs of approximately 80%.
