

CONDUIT AND MINI

Egatube high impact PVC-U conduit offers a cost effective solution for both new building and refurbishment contracts.

The wide range of fittings and ancillary products means that almost any installation can be specified with confidence.

EGATUBE ROUND CONDUIT

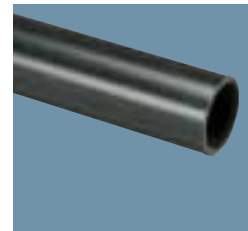

SUPER HIGH IMPACT CONDUIT HEAVY GAUGE

3 METRE LENGTHS
BLK OR WHI

Manufactured in accordance with BS.4607 and BS.6099.

STANDARD LENGTH: 3 metres.

MATERIAL: PVC-U

Egaweld 1, 2 & 3 are specially prepared waterproof adhesives for use with PVC conduit, trunking and fittings.

Egaweld No. 1 a vinyl solvent adhesive used for making watertight joints with push-on fittings.

Egaweld No. 2 an adhesive that remains flexible although providing water resistant joints. It is ideal for expansion couplings or where an installation may have to be altered.

Egaweld No. 3 is a thixotropic liquid used mainly as a trunking adhesive.
